Literature search conducted Feb 2018 -copies available on the day

July 2018 – Email from Annette Thain

it was good to meet you all on Friday and I hope you all enjoyed the weather at the weekend.

Here are my notes of actions/suggestions

1. Annette to ask the Alliance Health Information team if there is an opportunity to test out pathways / scenarios in other sectors eg schools, HEI, FE via the IL CoP
2. Is there opportunities for the IL CoP to support the champions trained in public libraries? – though I'm not sure how this would work

3. In areas where the public library is involved in Health Information / Alliance training explore if there is an option to work with school librarians in local authorities where they are under the same directorate?
4. Further explore opportunities to provide support for young carers, maybe through Young Scot? And school libraries? Annette to look at recent NHS Event posters re schools to identify possible contacts.

Anything else?

Jenny & Cleo 31 July 2018

- Look at documents listed and ALLIANCE and what they're doing.
- Health Literacy month in October gives us time to do something as group.
- Health Literacy Place
- Health professionals only – what do members of public do to help themselves?
- Look at the recommendations in Health Literacy Making it easier
<http://www.gov.scot/Publications/2017/11/3510>

1. Ask Blythe Robertson to group for an update
2. Ask for what we can help with. (Blythe Robertson and Alliance.)
3. Link to fake news information. Fake health information and lack of skills to find valid info
4. Can we focus on self help/ self management of long term conditions?
5. Cleo to contact Jane Milne (SLIC Ambition & Opportunity)

2nd August 2018
